

FCT::ImageRenderTarget
::bindTarget

FCT::SingleBufferImage
::create

FCT::RHI::Image::height

```
graph LR; A[FCT::ImageRenderTarget::bindTarget] --> C[FCT::RHI::Image::height]; B[FCT::SingleBufferImage::create] --> C; C --> C;
```

The diagram illustrates a dependency or relationship. On the left, two white rectangular boxes with black borders contain the text 'FCT::ImageRenderTarget::bindTarget' and 'FCT::SingleBufferImage::create'. Blue arrows point from the right side of each box to the left side of a gray rectangular box on the right. This gray box contains the text 'FCT::RHI::Image::height'. A blue curved arrow originates from the top of the gray box and points back to its top, indicating a self-loop or a recursive relationship.
