

FCT::Device::createResource

```
graph LR; A[FCT::Device::createResource] --> B[FCT::Device::newSingleBufferImage];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'FCT::Device::createResource'. The right box is gray with a black border and contains the text 'FCT::Device::newSingleBufferImage' on two lines.
