

FCT::GLFW_UICommon
::postTicker

FCT::GLFW_UICommon
::sendUiTask

FCT::GLFW_UICommon
::postUiTask

```
graph LR; A[FCT::GLFW_UICommon::postTicker] --> C[FCT::GLFW_UICommon::postUiTask]; B[FCT::GLFW_UICommon::sendUiTask] --> C;
```

The diagram illustrates a function call relationship. On the left, two white rectangular boxes represent source functions: 'FCT::GLFW_UICommon::postTicker' (top) and 'FCT::GLFW_UICommon::sendUiTask' (bottom). On the right, a gray rectangular box represents the target function: 'FCT::GLFW_UICommon::postUiTask'. Two blue arrows point from the right side of each source box to the left side of the target box, indicating that both 'postTicker' and 'sendUiTask' call 'postUiTask'.
