

FCT::PixelShader::create

```
graph LR; A[FCT::PixelShader::create] --> B[FCT::PixelShader::generateDefaultCode]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'FCT::PixelShader::create'. The right box is gray with a black border and contains the text 'FCT::PixelShader::generateDefaultCode' on two lines.

FCT::PixelShader::generate
DefaultCode
