

FCT::RenderGraph::compile

```
graph LR; A[FCT::RenderGraph::compile] --> B[FCT::RHI::PassGroup::addPass];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'FCT::RenderGraph::compile'. The right box is gray with a black border and contains the text 'FCT::RHI::PassGroup::addPass'.

FCT::RHI::PassGroup
::addPass
