

FCT::VK_SemaphorePool
::setDestroyCallback

FCT::VK_SemaphorePool
::VK_SemaphorePool

FCT::RHI::VK_Semaphore
::destroy

```
graph LR; A[FCT::VK_SemaphorePool::setDestroyCallback] --> D[FCT::RHI::VK_Semaphore::destroy]; B[FCT::VK_SemaphorePool::VK_SemaphorePool] --> D;
```

The diagram illustrates two function pointers on the left, each represented in a white box with a black border. The top box contains the text 'FCT::VK_SemaphorePool::setDestroyCallback' and the bottom box contains 'FCT::VK_SemaphorePool::VK_SemaphorePool'. Two blue arrows originate from the right side of these boxes and point towards a single gray box on the right. This gray box contains the text 'FCT::RHI::VK_Semaphore::destroy', representing the target function for both pointers.
