

FCT::RHI::VK_Swapchain
::enableDepthBuffer

```
graph LR; A[FCT::RHI::VK_Swapchain::enableDepthBuffer] --> B[FCT::Image::width]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text 'FCT::RHI::VK_Swapchain' on the first line and '::enableDepthBuffer' on the second line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'FCT::Image::width'.

FCT::Image::width
