

FCT::Context::loadTexture

```
graph LR; A[FCT::Context::loadTexture] --> B[FCT::SingleBufferImage::create];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'FCT::Context::loadTexture'. The right box is gray with a black border and contains the text 'FCT::SingleBufferImage::create'.

FCT::SingleBufferImage
