

FCT::RHI::InputLayout::add

```
graph LR; A[FCT::RHI::InputLayout::add] --> B[FCT::RHI::InputLayout::vertexLayout]; B --> B;
```

The diagram illustrates a function call and its return value. On the left, a grey rectangular box contains the text 'FCT::RHI::InputLayout::add'. A blue arrow points from this box to a white rectangular box on the right. The white box contains the text 'FCT::RHI::InputLayout::vertexLayout'. A blue curved arrow points from the top of the white box back to itself, indicating a self-loop or a return value.
